Once in a lifetime, if you are lucky, you may find that very special little property that has it all, this might be the one. Located at the end of a very quiet street in an area where you wake to bird song instead of traffic and a sunrise that stretches across a large expanse of pasture land and distant trees. This lovely little home, in a picture-perfect setting has been well cared for and maintained. The current owner built a new well house and installed an extensive water filtration system. The property is fenced on 3 sides and is mostly cleared in lawns and pasture. There are several outbuildings and a wired shop, come and see what easy country life is all about.
